Of Importance to Bidders

THIS SALE WILL BE CONDUCTED UNDER THE FOLLOWING

Terms and Conditions

Each animal offered will be sold without reservation (unless publicly stipulated to the contrary) under the following conditions, to-wit:

TERMS—The sale is for cash, twenty-five per cent. to be paid immediately after the animal is sold, or the sale may be declared void at the option of the seller. The balance of the purchase money must be paid, or secured on the same day, or the twenty-five per cent. will be forfeited as agreed damages. All payments of purchases must be made to the cashier of the sale, for in no case will payments to the consignor entitle the purchaser to obtain the stock. On the final payment for an animal the cashier of the sale will issue an order for presentation to the superintendent of stalls for delivery of the animal so paid for. Buyers are cautioned not to lose these orders.

WARRANTED—The name of the owner, who is the responsible party, is given with each entry, and all representations are guaranteed by him. Age, height, speed, and other matters of that character, are approximated by the consignor and are not guaranteed unless expressly so announced. All remarks of the consignor at the time of the sale, as to a guarantee of any character, correction in catalogue, etc., will be recorded on the books by the clerk of the sale and all settlements will be made in accordance therewith. **Buyers are, therefore, cautioned to pay attention to the announcements from the auctioneer's stand.**

CHALLENGES—After the deposit of twenty-five per cent. of the purchase price the purchaser should at once examine the animal, and if warranty or representation is challenged, the matter must be reported at once to the managers, who shall have the sole right of appointing the person who is to make the examination in order to determine whether the animal fulfills the conditions of the warranty or representation, and the decision of the person so appointed, and no other, shall be binding upon the consignor and the bidder; and it is agreed that no legal liability shall be involved by The Kentucky Sales Company from either party in consequence of such decision. In such cases of dispute the fee of the referee (\$5.00) shall first be deposited with the clerk of the sale and if the decision is in favor of the consignor the buyer must pay the referee's fee; if in favor of the buyer, the seller must take back his horse (in conformity to agreement of consignment) and pay the

The Kentucky Sales Company

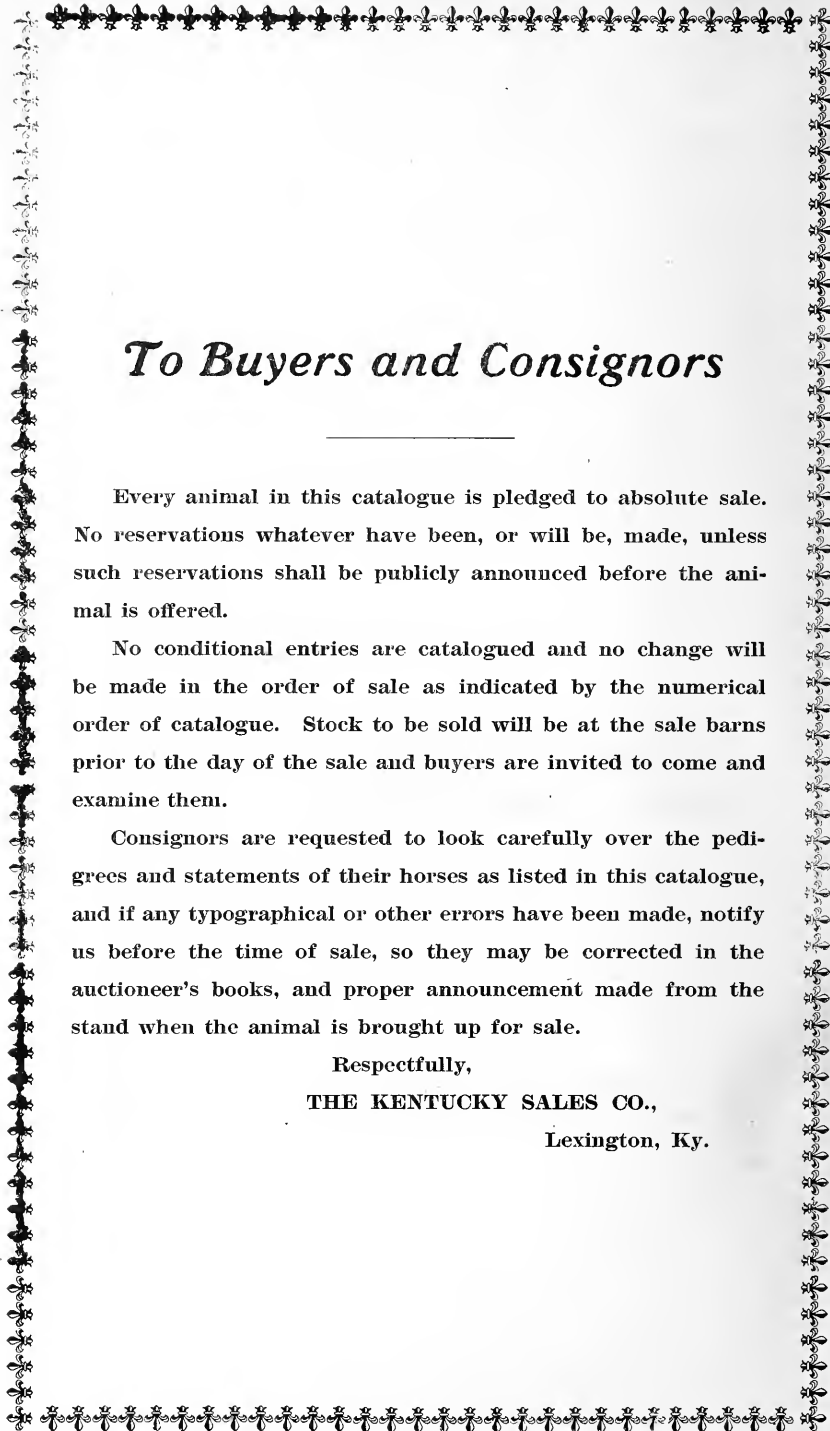

fee and commission of sale. The guarantee of the consignor does not extend beyond the day of the sale.

RESPONSIBILITY—Immediately after the animal is sold it will be at the sole risk and responsibility of the buyer thereof, but possession of the animal cannot be obtained by him until payment in full has been made. **The Kentucky Sales Company acts as agents simply and will endeavor at all times to protect the interests of both seller and buyer.**

BIDS—On sums of less than \$100, advance bids of \$5.00 will be accepted, but above that amount only bids of \$10.00 and over will be recognized. The highest bidder to be the buyer; and if any dispute arises between two or more bidders the animal in dispute shall immediately be put up again for advance bids. If there be no advance, then the animal shall go to the person from whom the auctioneer recognized the last bid. The Kentucky Sales Company is authorized by the consignor of each animal to decline any bid made by intoxicated or disorderly parties; or by those who have defaulted, or broken faith, on former purchases.

**Buyers MUST provide themselves with
Currency or Bank Exchange.**

**Personal Checks of parties unknown to
us will not be accepted under any condi-
tion.**

A decorative border of repeating floral motifs surrounds the page. The top border is a horizontal line of small, dark, stylized flowers. The left and right borders are vertical, featuring larger, more detailed floral designs that include leaves and stems. The bottom border is a horizontal line of small, dark, stylized flowers, matching the top border.

To Buyers and Consignors

Every animal in this catalogue is pledged to absolute sale. No reservations whatever have been, or will be, made, unless such reservations shall be publicly announced before the animal is offered.

No conditional entries are catalogued and no change will be made in the order of sale as indicated by the numerical order of catalogue. Stock to be sold will be at the sale barns prior to the day of the sale and buyers are invited to come and examine them.

Consignors are requested to look carefully over the pedigrees and statements of their horses as listed in this catalogue, and if any typographical or other errors have been made, notify us before the time of sale, so they may be corrected in the auctioneer's books, and proper announcement made from the stand when the animal is brought up for sale.

Respectfully,

THE KENTUCKY SALES CO.,

Lexington, Ky.

ANNOUNCEMENT

The first 55 head of horses catalogued were bred by Mr. J. B. Haggin at his Elmendorf Farm, Fayette County, Ky. They were halter broken at weaning time and not handled in any way since, until the past summer, when they were all carefully broken to harness. They are the handsomest, soundest, best gaited, best bred and best looking lot of young trotting-bred horses for sale in America today.

Not one of them has seen a track, or been tried for speed. They are just in a state where a little education will finish them into fast trotters, high classed harness and road horses.

The lot comprises two 5-year-old geldings, seventeen 4-year-olds, thirty-four 3-year-olds. Every animal is a choice one—the blemished and unsound animals have been taken out and are at work at Elmendorf.

A better bred lot are not to be had. They are sired by Dan Cupid 2:09 $\frac{1}{4}$; Allerton 2:09 $\frac{1}{4}$; Delmarch 2:11 $\frac{1}{2}$; Worthier, brother to Sunol 2:08 $\frac{1}{4}$; Adbine, half brother to Anteeo 2:16 $\frac{1}{2}$, etc., and out of mares by Baron Wilkes 2:18; Wilton 2:19 $\frac{1}{4}$; Constantine 2:12 $\frac{1}{2}$; Robert McGregor 2:17 $\frac{1}{2}$; Alcyone 2:23; Allerton 2:09 $\frac{1}{4}$; Patchen Wilkes, and other fashionable sires.

This is without doubt the most attractive bunch of young, sound untried horses that has been offered the public in years.

Remember, the sale opens with this consignment on Monday, October 2d, the day preceding the trotting meeting.

What a showing Silent Brook has made when it is remembered what limited opportunities he has had in the past, and what great things have come of them. It will be remembered that up to 1902 Silent Brook only served a very limited number of Standard bred mares, and since that time no stallion has had a better class of mares visit his paddock than he. Among the number are a few such as the dams of Wilteen (3) 2d in the Horse Review Stake in 2:11 ¼, Conroy 2:14, Free Advice 2:10 ¼ and Godfrey 2:24 ½, Fred Kohl 2:07 ¾ and two others, Monopoly 2:22 ¼ and Calyce 2:29 ½, Maid O Dreamwold 2:24 ¼ and Electro Belle 2:27 ¾, Lottery Ticket (sire of Mush 2:08 ¾), Red Nutling 2:13, Beldia 2:09 ½, Jimmie B. 2:30, Mary Steele 2:13, Mechanicsville 2:25 ½, B. G. 2:14, Margaret Bathgate 2:11 ¼, Golden Rule 2:16, and many others just as good.

So the success of Silent Brook is no longer in doubt, but is a certainty. No stallion living or dead has ever produced so much speed out of all kinds of mares. His colts are nice size, nice gaited and nice headed.

This is unquestionably the day of colt trotters. Youngsters with speed will bring more money in the market than aged horses. The man who is breeding for the market must breed for early and extreme speed, and if he desires to breed with some surety of obtaining the kind that is in demand—colt trotters—he cannot afford to overlook Silent Brook, for no stallion is siring so much early and extreme speed as he. He was a great colt trotter himself, perfect gaited, perfect headed and a perfect race horse. Then why should he not be a great sire of the kind that he was himself?

OWNER'S STATEMENT.

I bought this colt when a yearling and expected to have him trained and raced, but have not had the time to give him any attention, so he has been running out on Mr. Grover's farm, and I have concluded to sell him. He is an elegant looking fellow and ought to make a trotter; he is only nicely broken. He is a very fine styled horse and I hope he will bring what he is worth at the sale.

OWNER'S STATEMENT.

I doubt if there is one living with more George Wilkes in him than this fellow. Wilton for a top cross, backed up by Simmons Onward and Petoskey. This should make a great stallion; he is a late colt and is nicely broken, but never worked for speed, but will show he has plenty of it. Has not been worked this season.

OWNER'S STATEMENT.

I bought this filly and expected to have her trained, as I do not see how one bred like her could fail to make a great race mare, but my trainer has been so busy with his racing stable that he has not had the time to work my colts, so this filly has never had the harness on. I have determined to sell all of my colts and in the future have only my racing stable, as it is impossible for me to handle the two stables. This is a great bred one being by the Great Axworthy and out of Mystic one of the very greatest of Nutwood mares. You can not find a better bred one, nor a better looking one.

This colt was very thin when I bought him and like all of my other young things I expected to train him, but have not had the time, so he has not had the harness on this year, he was an extremely promising yearling and I think will make an extremely fast horse. Whoever buys this one will I think buy a sure enough trotter. This is not one tried and found wanting for he was only broken as a yearling, and has never been harness-ed since.

OWNER'S STATEMENT.

This colt is sound, nice size, and is a show horse. The dam of this colt produced 4 foals previous to this one; her first foal was trained as a yearling, and trotted a quarter in 40 sec., but died that winter, and of course prevented further training; the second foal is Katherine T., record,

half-mile track, 2:22¼; her next foal was sold to C. C. Harris, who won matinee with him at 3 year old in 2:26; the next foal was sold to Mr. Harris also; after owning her one month he won matinee race with her also, trotting each of the two miles in 2:35, which was a very creditable performance for 2 year old with only one month's regular training. Therefore I believe this colt being by Silent Brook, the sire of so many phenomenal youngsters, and out of the dam of Katherine T., whose every foal showed its ability to trot in 2:30 or better, will develop into a race horse second to none of Silent Brook's get.

OWNER'S STATEMENT.

Pilatus' race record, 2:09 $\frac{1}{4}$, was not the limit of his speed, as he on several occasions went in 2:07 with ease, and when retired to the stud was looked upon as one of the coming speed marvels. He is a beautiful dark chestnut, 15 $\frac{3}{4}$ hands, and as fine an individual in every way as one could wish—kind and gentle; his get are of extreme quality, in manners taking after their worthy sire. I worked his yearlings last spring, and of the six, two went quarters in 36 seconds, two in 38 seconds, and two in 39 seconds, with very little handling; they were then turned out as I did not care to train them to any extent. All of his get are grand lookers, and am positive (as are all others who have seen them) that he will be one of the coming trotting sires of the country. Pilatus' blood lines on both sides could not be improved on, from them coming the speediest of their day. Thus, with such extreme breeding, beauty, quality, speed and endurance, he cannot fail to put on the track, in the near future, worthy sons and daughters.

Pilatus was a very high class race horse and at one time or another defeated nearly every crack in the country. His winnings on the turf went up in the thousands and he was pitted against such horses as Charley Herr 2:07, Tommy Britton 2:06 $\frac{1}{4}$, Elloree 2:08 $\frac{1}{2}$, John Nolan 2:08, Eagle Flanagan 2:07 $\frac{1}{2}$, Cresceus 2:02 $\frac{1}{4}$, Bouncer 2:09, Grattan Boy 2:08, etc. He was regarded as a phenomenon.

Practically none of his get has had an opportunity to show, as what few he has sired have not been trained. He is now just beginning his stud career, and that he will follow in the footsteps of his illustrious sire, Onward 2:25 $\frac{1}{4}$, is conceded by all who know of his remarkable record as a race horse, his individuality and the qualities he imparts to his get. His breeding could not be improved upon. Onward, his sire, is the greatest the world has ever known, and, on his dam's side, he is equally well bred.

taking a record over a slow track of 2:26½. She has been a mile in 2:23 and shown a half in 1:10. If she was allowed another month's training she would beat 2:30 very handily. No better bred animal will be found in the catalogue and she would be an addition to a band of brood mares as she has ample size and has a head full of trot. Here is an ideal pedigree to cross on your Wilkes stallion.

Now, my friends, here is something first class, for she possesses individuality, good breeding and with little track work has shown a quarter close to 40 seconds. I would advise you, if you have money, mark this number and not miss a good thing.

Consignment from Leyburn Farm, P. P. Parrish.

ANNOUNCEMENT

My farm is small and stable room limited, and being in need of money to extend and to carry on the breeding operations, I am forced to sell some of my trotters. To accomplish what I want to do I must sell the best. I propose to offer what I now have in training.

The Leyburn family is so well known it is useless to tell the racing people, or those interested in breeding trotters, about them; but for those not familiar with them, I want to call attention to a few facts.

It can be said that the head of this family was the great brood mare Mamie by Star Almont 6673. She was the dam of 6 mares, her entire produce by four different sires. They were Criterion 2:29 $\frac{3}{4}$, by Crittenden; Catherine Leyburn 2:14, by Onward; Helen Leyburn 2:14, by Onward; Rose Leyburn 2:15 $\frac{1}{4}$, by Onward; Scourine 2:18 $\frac{1}{4}$, by Wilton; Alice Leyburn 2:29 $\frac{1}{4}$, by Baron Wilkes. All obtaining records in hard fought races. Unfortunately for this family three of these were exported, leaving only three to perpetuate the name here. But they have made history abroad as well as here.

The Kentucky Sales Company

Criterion produced Skillful 2:17 $\frac{1}{4}$, 2-year-old trial 2:24 (dam of Elsie Leyburn 2:27 $\frac{3}{4}$; Anderson Bell (3) 2:20 $\frac{1}{4}$; Will Leyburn 2:06, 2-year-old race record 2:12; Belle Leyburn 2:33 $\frac{3}{4}$; Emma Leyburn (3) 2:26 $\frac{1}{4}$, 4-year-old trial 2:18; Alto Leyburn (3) 2:24 $\frac{1}{4}$, 4-year-old trial 2:12 $\frac{1}{2}$; Lizzie Leyburn (3) 2:24 $\frac{1}{2}$; Wilto Leyburn (2) 2:24 $\frac{1}{4}$. Entire produce by 5 different sires, showing all have extreme early speed.

Catherine Leyburn 2:14 produced only one foal in this country; was sold to France, where she is now in the royal stud. The foal was Annie Leyburn 2:10 $\frac{1}{4}$, 2-year-old trial 2:20.

Rose Leyburn produced Wilburn (3) 2:27, European record 2:10 $\frac{1}{4}$, sire of champion 3-year-old trotter in Austria in 1904; Margaret Leyburn 2:25 $\frac{3}{4}$; Ruth Leyburn 2:20 $\frac{1}{2}$; C. W. Leyburn (3) 2:21 $\frac{1}{2}$, sire of William N. 2:28; Mary P. Leyburn 2:11 $\frac{1}{4}$, 2-year-old record 2:21; Prince Wilburn 2:30. Five by three different sires.

Skillful produced only one foal, Elsie Leyburn 2:29 $\frac{3}{4}$. She in turn bred to Alto Leyburn produced Jack Leyburn (3) 2:15 $\frac{1}{4}$.

Scourine produced Roma 2:18 $\frac{1}{2}$.

OWNER'S STATEMENT.

This is a show mare and a race mare. She is an extremely fine individual and a very perfectly gaited trotter, can go miles in 2:15. She was trained only a short time in her three year old form, and was bred. The only full mile she ever went at that age was to get a record before foaling which she did handily in 2:24½. After nursing a colt she was so perfectly gaited I concluded to train her again. She is of the noted Leyburn family, and if for any cause she fails to race, or breaks down she is a valuable brood mare, can farm her any year for \$500. You will also observe the extreme early speed in this family.

By CHESTER DARE.

Dam's Breeding on Day of Sale.

OWNER'S STATEMENT

For beauty, style, finish and a perfect saddle horse, this one has no peer. His conformation, life, style and gaits are what you would expect of one of Kentucky's greatest families. I have educated him for a show horse and his manners are perfect. His gaits cannot be excelled. He is perfect in all of them. And his speed, for a saddle horse, is marvelous. I exhibited him five times at the Lexington A. and M. Association, September 12th to 18th, in five different classes, and won first prize each time: First in harness; first best saddle horse; first as model horse; first best racking horse; first as finest horse. Now, if you think anything less than a real cracker-jack can do this, come in and try it. I am offering him for sale because I am handling trotters and am not prepared to show him. I have handled saddle horses for 30 years, and have had many winners, but never a horse like this one.

OWNER'S STATEMENT

Anne Axworthy is one of the purest gaited trotters in the world, and

The Kentucky Sales Company

is decidedly the best prospect I have ever owned. She is a perfect picture and has as much natural speed as any youngster I have ever seen. I only allowed her to be worked enough as a yearling to break and get her to go straight, yet she trotted a quarter in 40½ seconds and could step better than a 2:30 gait. She has now been jogged for some time, and brushed occasionally. Has been an eighth in 19 seconds this spring; is in perfect condition and ready for the trainer's hands. I doubt if her noted sire ever got a better one than this filly.

OWNER'S STATEMENT

Ethel is a good gaited trotter; stays on a trot; seldom makes a break. A good catcher, and can stay the whole route. I was preparing her for the fall trots, but J. S. Phelps' death changed the programme. She has had no fast work since then (June 12, 1905). She trotted quite a number of miles in 1904 better than 2:20; her best work-out was 2:25, 2:18½ and 2:15½. She trotted the Lexington Fair Grounds half-mile track in 2:18. Never started in a race. I thought, and still think, she will make a great race mare. I never started her for a record, because I think any good green horse is worth more money without it. I took her up in February of this year and worked her regularly. On June 8 I gave her 3 miles after warming up—2:24½, 2:21 and 2:23—in the last mile I went easy to the half-mile pole in 1:18, and stepped her home in 1:05. without urging. I gave her all of the work she has ever had, and know her to be game, level-headed, fond of company, and likes to race. In good condition, she can beat 2:15.

OWNER'S STATEMENT

We thought this colt as good as the very best. He trotted a mile on May 9 in 2:35, the last quarter in 35 seconds. He is a beautifully gaited colt, stays on a trot, and will make a genuine race horse. We had to stop working him on account of a severe attack of pink eye and sore throat. He has had no fast work since then, May 9. He is being worked slow at this time, but we think he will be himself again by the time the sale comes off.

Entered in Horse Review, \$10,000; Kentucky Futurity, \$22,000; Kentucky Stock Farm, \$7,500.

I paid up on him in the Kentucky Futurity May 1. After he took sick Dr. Rollins advised me to let him drop out. Said it would be useless to try to get him ready for the races.

If he falls into good hands he will get some of the money in each stake—in 1906. I broke him and gave him the little work he has had.

OWNER'S STATEMENT.

This is a handsome big mare, and we think will prove to be a great brood mare; good gaited, level headed, and a natural born trotter. She was hurt at the farm in the winter previous to her 3-year-old form; was bred at 3 years old. Has been a regular breeder since. See two of her colts in this sale—Nutwood McGregor and King Monbells. We thought so much of her colt, Nutwood McGregor, that we bred her back to Jay McGregor this season, and think she is safe in foal.

OWNER'S STATEMENT.

This horse is sound, good gaited, good headed; worked third heat in 2:12¼, fourth heat 2:12; timed by Henry Bosworth, Messrs. Stewart, Bowerman, Curry,, Graddy, Hayes, etc. Will show 2:10 day of sale. Started once in Horse Review, got part of the money, and did not make a mistake. He will be the real horse for next season, as he has been trained for that purpose. One of the grandest road horses in Kentucky; took the premium two years at the Lexington Fair in the roadster ring, which is a hard ring to win. This horse is sold to dissolve partnership, as Macey has quit the trotters entirely.

OWNER'S STATEMENT.

In offering Cuprite to the public I believe I am sending to the auction one of the greatest mares and best prospects for the fastest classes that has ever gone into the sale ring. With very limited opportunities she

The Kentucky Sales Company

has clearly demonstrated that she possesses all of the qualities necessary in the make-up of the high class trotter. She is good headed, is game and has extreme speed; has been thoroughly educated, and if raced by her new owner, I believe, will surely get a record of 2:07 or better.

She has been raced but a few times and always for the money, and has been very successful in this respect, and her present record of 2:14 1/4 is no measure of her speed. This season she has been at the Lexington track for the express purpose of giving her a thorough education and fitting her for Grand Circuit racing or matinee driving, and her new owner will find her a most pleasant driver—does not lug or pull—goes with open bridle and can be “placed” anywhere in a race.

She is a beautiful bay; very attractive appearance with long tail and mane; compactly built, with most excellent feet and legs; fearless of all objects and one of the best bred and gaited trotters in training today.

During the sale this mare will be shown under the watch at the Lexington track to all interested buyers. Before sale day we expect to show you miles in 2:10, halves in 1:03, quarters in 31 seconds.

Bring your watch and see for yourself.

OWNER'S STATEMENT.

Tea Bell is the third foal of Emma T. 2:17½. Her first four foals all beat 2:30 as two-year-olds. Emma N. got a record of 2:20¼ over a half mile track. Emma Brook worked over the Lexington track as a four-year-old in 2:13; Tea Bell in 2:18 at 3 and 2:14 at 4; Mercer Bell (2) in 2:20¼. You will see that Emma T. is destined to be one of the greatest mares in the stud book. Adbell, the sire of Tea Bell, holds the yearling record. Except for a spell of fever in September, we felt sure we could have driven Tea Bell in 2:13 or 2:14 at three years old. Her mile in 2:14 this season justified this belief, and that she is 2:10 goods there is no question. She is beautifully gaited, good headed and a splendid prospect for a race horse.

We have started Pietro in 5 amateur races this season, he has won 4, and defeated every trotter he has met. The race he lost was won by a pacer in 2:14. In his last race he trotted a half in 1:06½. He never breaks and is a very fine gaited horse, quick to get away and full of race. A big, strong horse and a very light gaited one, wears four ounce forward and as light as you can shoe him behind.

OWNER'S STATEMENT.

I drove Silverfinch when he was a two-year-old and gave him his record in a winning race. I think he was the best two-year-old I ever trained and was satisfied he could trot a mil in fifteen and a half or sixteen. He beat that great filly, Alice Edgar who a year later went a mile in 2:10¾. We have not worked Silverfinch this year, he is one of the best looking stallions in America. A perfect type for a stock horse. His breeding will commend him to intelligent horsemen.

Little Darkey

Matinee wagon record 2:35.

Second in race in 2:27½ to wagon, with the worst amateur driver in the world behind him.

Brown gelding, 15.1, foaled 1897, consigned by Geo. A. Bain, Lexington, Ky. Breeding unknown.

OWNER'S STATEMENT.

In offering Little Darkey to the public, I can truthfully say he is the best road horse I ever owned, and better than the most of 'em. I have raced this season in the races of the Gentleman's Driving Club, and while I won only one race, and that the last one in which he started, he was the contending horse in every race in which he started. He was just beaten from 2:27½ to 2:30. If he had had just a fair kind of a driver he would have had several blue ribbons to his credit, but any of the boys can tell you what a bum driver I am. On the road he is at his best, absolutely fearless of all objects in the city or country. If the man who buys Little Darkey has as much fun with him as I have had, he won't pay too much for him. I can recommend him for any one to drive, any time, anywhere.

I think here is one of the best chances for a race horse that will be offered for sale. He is the second foal of his dam; the first was driven a mile in 2:19 as a three-year-old. Chance is a level-headed pacer and considering the work he has had, is a wonderful horse. If there is another two minute horse in the Pointer family, I think he is the one that will turn the trick.

OWNER'S STATEMENT

I have been educating this mare with a view of racing her next year. Recent arrangements have altered my plans. She is a steady, good headed, good gaited young mare, considered by better judges than myself, a fine racing prospect. She wears hobbles because I like hobbles on pacers; when you get a good one you can place your order for tickets, and entertain the ladies while the boys who buy the field against you are trying to hedge. Well bred, handsome, sound, young and game. I have driven her in 2:16½, last half in 1:05½, which is very good for the work she has had.

OWNER'S STATEMENT.

I had Cottie Neagle to drive this horse in his three year old form and he drove him on a trot in 2:26, Levi Powell then worked him a while in a pace and drove him in 2:24. I used him as a road horse from then until August 1st this year, when I put him in training, and expect to show a mile close to 2:15. A thorough broken road horse and a fine made one.

EXPLANATORY

The following fifty-three brood mares are the property of Mr. J. B. Haggin and include every mare at Elmendorf. Windy foot notes are purposely omitted. Each individual will speak for itself. All are in fine condition, and the breeding, as set forth in catalog, will be found well up to the high standard set by Mr. Haggin in selecting trotting stock. Fully 90 per cent. of these mares have foals at their side, showing them to be regular breeders. This important dispersal affords an opportunity unpredecided to replenish your breeding ranks.

Respectfully,

THE KENTUCKY SALES COMPANY.

Fine enough for show purposes, certainly bred well enough for fashionable stud matron. Her road and street manners are first class, afraid of nothing.

OWNER'S STATEMENT.

Farwood is a full brother to Nowood, rec. 2:12¼. He trotted a mile as a two-year-old on three-quarter mile track in 2:30 and was not trained again until last year. The seventh time he was on the track last fall, he trotted a mile in 2:27¼, last quarter in 33 seconds. Farwood is a grand horse, 16 hands high, with plenty of bone and substance which he imparts to his get. But one of his colts has been trained, Renato 2:22½, trial 2:15, a half in 1:04, quarter in :31½ seconds trotter. Every one that has been harnessed shows speed at the trot right from the start. Farwood is a remarkably sure foal getter, young, sound and with his extremely fashionable blood lines his earning capacity should be large in any community or where high class roadsters are bred.
